

TruView®

STRONG, DURABLE, AND ATTRACTIVE PERIMETER PROTECTION

Product detail

- Aesthetic and reliable protection
- Flexible and efficient installation
- 20 year warranty
- Superior anti-corrosion coating

BENEFITS

Aesthetic appeal

This ornamental fence system offers an attractive look, is available in a wide variety of styles, and configurations, all finished with a superior coating.

Reliable design

The innovative design utilizes an internal mechanical picket to rail construction which is superior to other products that have exposed fasteners which can come loose or welded tabs which may break under a load.

Flexible installation

TruView® panels have the ability to rack to follow the natural contour of the landscape. A variety of brackets are available for ease of installation.

Versatile

A range of picket styles and panel heights to select from makes TruView® a versatile perimeter solution for residential applications, parks, pools and playgrounds.

Superior Coating

The panels are manufactured using G60 galvanized steel tubes and are finished with a superior coating. This coating is durable and environmentally sound. Our powder coating provides excellent weatherability and gloss retention in UV exposure.

Applications

Functionalities

Complete Range

Available for residential installations in three picket styles:

- Landmark (rail top) - QUICK SHIP AVAILABLE

- Pinnacle (press point)

- Summit (flat top picket)

Rails	1.10" x 1.18" x 16 ga.
Posts	2" square x 14ga or 16ga (caps included)

PLEASE INQUIRE FOR STOCK AND AVAILABILITY

Panels

TruView® panels are manufactured utilizing a unique internal mechanical picket to rail construction. This eliminates picket rattle or removal found in other products. This unique design allows the panels to rack to follow changes in grade.

Gates

Choose from a range of gate styles including pedestrian and swing gates, that match the panel of your fence style.

Bracket Options

Panels are attached with high-strength steel brackets to galvanized and powder-coated square tubular steel posts.

Superior Polyester Powder Coating

Our TruView product undergoes a multi-step application process to produce a superior polyester powder coat finish. This provides greater anti-corrosion and UV resistant protection to keep your fence looking great for years to come.
