Double Wire 868
Nylofor 2DS®

Fencing System
The Double Wire 868 fencing system is a welded wire fence panel with extra heavy duty double horizontal wires providing high rigidity and a stylish design.

Product Detail

BENEFITS

Strength
The double horizontal 1 gauge wires and vertical 4 gauge wire provide a robust and rigid panel.

High Degree of Security
The Double Wire 868 is recommended as a fencing system for applications where security is crucial because the large wire design is difficult to cut or climb.

Long Lifetime
Betafence's coating technology guarantees a long lifetime. After galvanizing, an adhesion coating is applied for a perfect bond with the polyester powder coating.

Complete system
The system includes panels in different heights, posts, and custom brackets.

Security level

LOW   HIGH

Applications   ## Functionalities

FACTORIES & LOGISTICS | HIGH SECURITY | PUBLIC SPACES & BUILDINGS | SPORTS INFRASTRUCTURE | DISSUASION | DELAY | PRIVACY AVAILABLE
